BABY GRANDS 25 LAPS
ELITE STREET STOCK 25 LAPS

1. RESPECT OF OFFICIALS -abuse of staff, volunteers or executive will NOT be tolerated. Any abuse will result in immediate disciplinary action including but not limited to fines, parking or suspension. The race vehicle associated with any person in violation will be asked to leave facility immediately. Medicine Hat Speedway is a ZERO tolerance area.
2. PIT SPEED - 5-10 km/hr (or as slow as possible) always. If you are seen by an official driving too fast or recklessly in the pit area, you will issue points penalty. No exceptions, this is for our safety..
3. RACE CEIVERS are mandatory for all racers. (Channel 1220) Radio check will be done during practice and at flag meeting. Any driver who ignores directions from raceceiver is subject to loss of position.
4. LAPS / ORDER SUBJECT TO CHANGE - watch line up board as change in line-ups or laps may occur
5. QUALIFYING - done according to class. Vehicles must be lined up with their class or forfeit the right to qualify. Hobby Stock, Elite Street Stock and Renegade Trucks must report to tech after qualifying, failure to do so will result in loss of qualifying points. Passing the light pole constitutes missing the tech area. Vehicles must come straight off the track and left to tech. EIRI
6. WHITE FLAG RULE - Vehicles MUST be lined up before white flag of race currently on track, or start at the back of the field. No exceptions. This applies to all classes, including travel series.
7. THREE CAUTION RULE in effect for ALL local heats & mains (at the discretion of track officials dependent on the circumstances of incidents). If there are 3 cautions in one race the race will end with green, white, checkered. If officials feel a caution was caused intentionally the offending vehicle will be parked for (at minimum) the remainder of that race; could be parked for the night.
8. ALL CARS INVOLVED IN A CAUTION GO TO THE BACK unless a driver involved feels they are at fault. This driver can tap the driver's side roof or wave at the flagperson to indicate fault. In this case only the offending vehicle will go to the back. Other than that, no exceptions, we will not make a judgment calls.

9. Tire change rule. If a vehicle has a cut-down tire and a caution is called, there will be 3 laps from when tower say's "line-up is good" before going back to green flag racing. If tire is changed the vehicle comes out at the back of field.
10. AMBULANCE CLEARANCE – Any driver involved in a crash that can't drive off the track must be seen by the medical staff and given clearance to drive before being allowed to go back on track.
11. TECH CLEARANCE – Any vehicle involved in a major crash (can't be driven off track) must have the vehicle cleared by tech prior to it being allowed back racing.
12. NO FLUID LEAKS WILL BE TOLERATED. All leaks must be fixed prior to a vehicle being allowed to race (or practice). TECH may request any race vehicle "roll over" the tech ramps for inspection at any time. Drivers refusing will not be allowed to race and the vehicle will be parked.
13. POST RACE TECH INSPECTION - Immediately following the feature event the top 4 must line up on front stretch. From the front straight vehicles (and drivers) must go immediately to the tech area for post-race inspection. FAILURE TO REPORT TO TECH IMMEDIATELY WILL RESULT IN DISQUALIFICATION AND LOSS OF MAIN POINTS. No exceptions. **All vehicles must drive by tech area as any vehicle can be teched at any time.**
 - Tech area is restricted to car, driver and one crew member only. Violations of this rule will result in a DQ for that vehicle. **TOP 4 FINISHERS WILL BE ANNOUNCED OVER THE RACECEIVER, but IF THERE IS UNCERTAINTY STOP ON TRACK WITH TOP 4 AND YOU WILL RECEIVE INFO ABOUT YOUR PLACEMENT FROM TRACK PERSONELLE.**
14. CROSSING TRACK EXIT - please exercise extreme care when crossing the track exit area. No race vehicles or support vehicles are permitted to stop in track exit area.
15. PACE VEHICLE - please follow pace vehicle when approaching / passing incident area.

ALL CLASSES WILL BE RESPONSIBLE FOR CLEAN UP IN PITS IMMEDIATELY FOLLOWING RACE DAY. TAKE CANS AND BOTTLES WITH YOU OR LEAVE in recycle containers, THEY WILL BE CLEANED UP BY SOMEONE ELSE.

IN THE EVENT OF A RAIN OUT (LESS THAN 10-LAPS OF MAIN EVENT FOR ANY CLASS) NO POINTS WILL BE AWARDED FOR THAT RACE DAY ;

Sundays are rain dates, so we race Sunday (If 50% or minimum 2 classes get main events in Saturday we have no show Sunday) as follows;

- Each class will qualify, run one heat and the main event
- For two day shows the heats and mains will run the same as Saturday night, with two heats and main.
- Sunday Gates will open at 10:30, Tech opens at 11:00, practice from 12:00 – 01:00 p.m., flag meeting at 01:00 p.m., qualifying (if applicable) at 01:15 with green flag at 02:00 p.m.

FOOD TRUCK IN THE PITS RAN BY TULLY'S (Saturday only).
